CSP Enhancement Certification Sheet

Agricultural Odor

Participant Acknowledgement Statement:

I agree to apply this enhancement under the terms and conditions of my CSP contract and understand the requirements of the activity.

The participant must choose at least **one** of the activities from the Level I category below OR **two or more** of the activities from the Level II category below--**Note:** If the participant selects another air quality enhancement, the participant will only be paid once for implementing and/or maintaining a particular activity if such activity is required in both enhancements.

Level I activities:

- Implement and/or maintain a biofilters system on enclosed structures to treat exhausts
- Implement and/or maintain a wet or dry scrubber or bioscrubber system on enclosed structures to treat exhausts

Tier II activities:

- Inject manure 2 inches or more below soil surface or incorporate applied manure within 24 hours
- Install, maintain, and enhance windbreaks to disrupt wind flow and dilute, intercept, and filter concentrations of odorous substances in the air
- Use odor control additives in animal housing and/or manure storage structures and areas

Compensation will be on a per unit basis as described in my CSP contact.

I agree that the following information will be provided to NRCS upon request:

1. Written documentation of the activity performed
2. Copies of dated receipts for equipment or services purchased

I understand that it is my responsibility to obtain all necessary permits and to comply with all laws, regulations and ordinances pertaining to the application of these activities.
